ACADEMIC EXPERIENCE

5/14 - present Graduate Research Faculty
Byrdine F. Lewis College of Nursing and Health Professions

3/12 Professor
Department of Respiratory Therapy
Georgia State University

7/11 – present Associate Dean for Academic Affairs
Byrdine F. Lewis College of Nursing and Health Professions

7/05 – 6/11 Director - School of Health Professions
Includes the Divisions of Nutrition, Physical Therapy and Respiratory
Therapy

5/05 Associate Professor with Tenure
Georgia State University

7/04- 6/05 Acting Chair and Program Director

Academic Rank: Assistant Professor
Department of Cardiopulmonary Care Sciences

11/03 – 5/14 Graduate Faculty to the College of Health and Human Sciences

8/99 – 6/04 Director of Clinical Education
Academic Rank: Assistant Professor
Department of Cardiopulmonary Care Sciences

9/90 - 5/99 Director of Clinical Education
Academic Rank: Instructor
Department of Cardiopulmonary Care Sciences
Georgia State University

6/85 - 9/90 Adjunct Clinical Instructor
Department of Cardiopulmonary Care Sciences
Georgia State University

1/84 -8/90 Affiliate Clinical Instructor
Department of Respiratory Therapy
Medical College of Georgia

OTHER PROFESSIONAL EXPERIENCE

Ongoing as Requested Consulting/Advisory Services:

American Association for Respiratory Care
Dallas, TX

Gannon University
Erie, PA

Canisius College

SCHOLARLY ACTIVITIES WITH STUDENTS

Doctoral Committees

Member:

Alhaykan – PhD, Seton Hall University

Cheek – PhD Instructional Technology, Georgia State University

Holland – PhD Nursing, “Factors which influence Adult Asthma Self-Management” Georgia State University, December 2014.

Ari – PhD. Educational Policy Studies; "A study of organizational effectiveness: Identifying variables that predict successful respiratory therapy education programs" Georgia State University, August 2005.

Sapp – Ph.D. Nursing; “Adolescents with asthma: Effects of personal characteristics and health promoting lifestyle behaviors on health related quality of life.” Georgia State University, August 2003.

Thesis Committees – At Georgia State University unless specified

Chair:

Register - A survey of research productivity in respiratory therapy educational programs. July 2018 (see abstract list)

Alqahtani – Prevalence, knowledge, beliefs and attitudes of waterpipe (Hookah) smoking among health care students at a southeastern urban research university. May 2017 (see abstract list)

Miller - Knowledge of asthma and the utilization of certified asthma educators in a health law partnership legal services clinic and a metropolitan children’s hospital: A needs assessment. December 2016 (see abstract list)

Alanazi - The prevalence of use, awareness, and beliefs of electronic cigarettes among college-based health care students at an urban university. May 2016

Alruwaili - The Impact of Vulnerability on Respiratory Therapists in Saudi Arabia during the Flu Epidemic Disasters December 2015

Aldabayan – Clinical Instructors’ Perceptions of Effective Student Behavioral Characteristics among Respiratory Therapy Students in the State of Georgia (Expected Graduation December 2015)

Alshehri - Cultural Competency among Undergraduate Respiratory Care Students. August 2015

Alwedeai - The Need to Develop a Saudi Board for Respiratory Therapy. August 2015

Almasoudi – Problem-based learning as a teaching method vs. the traditional teaching method in respiratory care education. May 2012 (See abstract list)

Thracker – “The Independent Effect of Three Inline Suction Adapters and Lung Compliance change on Amplitude and delivered Tidal Volume during High Frequency Oscillatory Ventilation in an adult patient with ARDS: Bench Model” August 2011. (See abstract list)

Murray – Does increasing flow to a high flow nasal cannula affect mean airway pressure in an in vitro adult model? December 2009 (See abstract list)

Hinski – Survey of knowledge and confidence of respiratory therapy students regarding tuberculosis. July 2009 (See publication list)

England – The effect of lung compliance changes on delivered tidal volume and amplitude in an adult patient ventilated with high frequency oscillatory ventilation: A bench model. April 2009 (See abstract list)

Al Aljamham – Does alteration in airway resistance affect the delivered tidal volume in adult patients receiving high-frequency oscillatory ventilation? December 2008
latridis – The health status of asthmatic children, before and after the implementation of a school-based asthma education program in an Atlanta-city public school, August 2000 (See abstract list).

Member:

Alhaykan - Students' Perceptions of Using Simulation in Respiratory Therapy Program. August 2015
Timmer – Moral Distress of Respiratory Therapists. Emory University. May 2014
Decasse - Development of a smoking intervention for college students. December 2013 (see book list).
Bugis – The effect of different interfaces on aerosol delivery in the simulated spontaneously breathing adult with tracheostomy. Dec. 2010
AlZahrani - Comparison of albuterol delivery between high frequency oscillatory ventilation and conventional mechanical ventilation in a simulated adult lung model using different compliance levels. December 2010 (see abstract list)
Hart – The effect of aerosol drug delivery on airway resistance through heat-moisture exchangers (HMEs): An in-vitro model. August 2009 (see abstract list)
Weatherly – An in vitro investigation of nebulized albuterol delivery during noninvasive ventilation in a spontaneously breathing toddler. August 2008
Areabi – The effect of MDI position on aerosol bronchodilator delivery in stimulated mechanical ventilation patients – April 2008
Egwoogu – Effect of urinary cadmium on cardiovascular fitness in white, black and Mexican Americans – July 2007 (see article list)
Tissue - Survey and analysis of faculty salaries in respiratory care programs in the United States - May 1999 (see publication list)
Bevis – A survey of smoking among students in Southwest Georgia. May 1997

Master's Project Major Advisor:

Nufaiei – Ventilator Associated Pneumonia – May 2012
Al Ayed - Pediatric Sleep Medicine – May 2012
Alhuzaim – Long-term Mechanical Ventilation Care – December 2011
AlQahtani – Hyperbaric Medicine: With focus in the use of mechanical ventilation during hyperbaric therapy – December 2011
Kim – Ventilator Associated Pneumonia. August 2011
Polk – Exercise and Pulmonary Rehabilitation. August 2011
Al Baqami – Pulmonary Rehabilitation. May 2011 (see publication list)
