General Information:
The School of Nursing requires students attaining the Ph.D. degree to submit a doctoral dissertation (NURS 9990). Ph.D. students also have the option to publish. The Doctor of Nursing Practice (DNP) requires a DNP Project (NURS 8998). No thesis is required for the Masters in Nursing program.

The Department of Nutrition offers students attaining a master’s degree the option of completing a thesis (NUTR 7999) or submitting a portfolio (NUTR 7990). No doctoral program is offered at this time.

The Department of Respiratory Therapy requires students attaining a master’s degree the option of completing either a thesis (RT 7999) or completing an applied project (RT 7995).

Thesis, Dissertation, and Project Announcements and Fillable PDF Files:

The link below will grant faculty and students direct access to the following information on the list.

Byrdine F. Lewis College of Nursing and Health Professions

*Departments: Nursing, Nutrition, and Respiratory Therapy*

**Purpose:** To ensure compliance is maintained and to establish uniformity in the Byrdine F. Lewis College of Nursing and Health Professions for submitted thesis, dissertations and projects for all departments.

**Thesis and Dissertation Requirements:** All degree candidates must present a thesis or dissertation of acceptable scholarship and literary quality. Some non-thesis master’s and doctoral degrees do not require a thesis or dissertation but instead require clinical or projects which are defined under each program.

The Doctor of Nursing Practice (DNP) program requires each student to successfully defend the Final Project during the semester they are enrolled in NURS 8998.

Graduate handbooks or dissertation guidelines should be completed and revised in conjunction with the Office of Academic Assistance and Associate Dean of Academic Affairs. Dissertations, theses, and capstone projects must be submitted and approved by set deadlines to guarantee conferral of degrees. The Senior Associate Dean for Academic Affairs of the Byrdine F. Lewis College of Nursing and Health Professions will provide Fall, Spring, and Summer timelines to ensure defense dates comply with student’s intended graduation date. These dates will be posted on the Byrdine F. Lewis College of Nursing and Health Professions website.

Department thesis/doctoral/project advisor or committee chair assists students in meeting core-formatting requirements as well as coordinating thesis, dissertation, and project review. The dissertation, thesis, and project become a permanent record of student research and in the case of doctoral research, publication of the dissertation and abstract in its original form.

**Doctoral Candidates:** Are expected to complete all requirements for the doctoral degree, including filing the dissertation. Doctorate of Nursing Practice students will complete a NURS 8998 DNP Project and program requirements.

**Master’s Candidates:** All requirements of the master’s degree, including filing the thesis or capstone project.
**Timeline:**

The schedule guides students and committee chairs in setting defense dates to meet required deadlines for a student’s graduation. Summer deadlines may change based on the needs of graduation office but students will be informed by committee chair or the Office of Academic Assistance if a change is required. The actual timeline is on Byrdine F. Lewis College of Nursing and Health Professions website. [https://lewis.gsu.edu/academic-assistance/thesis-and-dissertation-projects/](https://lewis.gsu.edu/academic-assistance/thesis-and-dissertation-projects/)

**Committee Selection:** Department of Nursing assigns a PhD advisor when students are enrolled and the advisor will assist students in the selection of PhD advisory committee members. At the successful completion of all required coursework and residency requirements, the student has the option of requesting the advisor to continue as Dissertation Chair, or to seek a different faculty to serve as Dissertation Chair. The same is true of the other committee members. DNP students are assigned an advisor to provide guidance once accepted into the program. Also, the advisor will assist students in the selection of their committee members.

Nutrition and Respiratory Therapy allows students to select committee members with the committee chair responsible for final revision approvals.

**Dissertation, Thesis, or Project Proposal Development:** Developed by student and committee chair.

**Defense Date:** The defense date should be determined based on the timeline provided by the Byrdine F. Lewis College of Nursing and Health Professions Senior Associate Dean for Academic Affairs. Each Graduate Program Coordinator or Doctoral Program Coordinator will ensure the defense date is within the timeline if the student expected to defend and graduate within the same semester.
**Notify the Office of Academic Assistance:** Thesis, Doctoral, or Project Coordinators should send a list to the appropriate Office of Academic Assistance (OAA) – Advisor through e-mail providing defense date and student intended graduation date. If graduation date change is required, please inform OAA-Advisor and instruct student to submit change of graduation form to Georgia State University Graduation Office.

**The Lewis College Website Announcement:** Two (2) weeks before the defense, the Thesis/Dissertation/Capstone Announcement, and abstract must be submitted to the link [https://chhs.wufoo.com/forms/md41g0e04udfg4/](https://chhs.wufoo.com/forms/md41g0e04udfg4/). The student and committee chair work together to submit the defense date with time, location, working title and student’s name. The two (2) week period will allow ample time for posting to the Byrdine F. Lewis College of Nursing and Health Professions website.

**Defense Date Change:** Announcements should be updated to the web link indicating the change and mailed with “Subject Line: Defense Announcement Changed Date (new date)” because of the urgency.

All yearly announcements are displayed on the Byrdine F. Lewis College of Nursing and Health Professions website and previous years are archived.

**Announcement Approval:** Dissertation announcement for the Department of Nursing must be approved and signed by the Doctoral Program Coordinator and Major Advisor before submission. DNP project announcements must be approved by DNP Program Coordinator and submitted online at [https://chhs.wufoo.com/forms/md41g0e04udfg4/](https://chhs.wufoo.com/forms/md41g0e04udfg4/).

Health Professions must have approval from the Department Head of Nutrition or Respiratory Therapy before submitting the thesis announcement.

The submission of defense announcements will be through a web link. All attachments to be submitted with announcements should be uploaded.
Committee and Chair Approval Signatures: To ensure the quality of each dissertation, thesis, or project, the appropriate signatures are required. These signatures confirm all requirements were met for the student.

**Electronic Signatures:** These signatures can be obtained by using Adobe Sign (formerly EchoSign) software. Only faculty and staff of the Byrdine F. Lewis College of Nursing and Health Professions serving on a defense committee may use the service. For outside committee members, members **not** employed by Georgia State University may use the service with a minimal cost applied.

**Signature Process:** If available, assigned department administrators will have access and will route documents electronically for signature. The Chair and committee members will receive an e-mail alerting them “you have a document requesting your signature”. Committee members would be required to sign and it will be routed to the next member. The department administrator determines the signature routing process. The Office of Academic Assistance will be given overall administrative rights to run reports and ensure university and school compliance regarding users.

**Defense (Pass or Fail):** Results of a thesis, dissertation, or project defense should be sent to the Byrdine F. Lewis College of Nursing and Health Professions Senior Associate Dean for Academic Affairs and the OAA Advisor assigned for each department. You may inform the Office of Academic Assistance – Advisor through e-mail as a courtesy but “Thesis, Dissertation, or Project Results Form” must be included in the student’s file and Office of Academic Assistance file.

The committee chair or thesis/doctoral/project advisor is responsible for ensuring all information is sent no later than (3) weeks after thesis/dissertation defense or capstone presentation. The Office of Academic Assistance will record information in Banner.

The student will be required to provide a copy of the defense results for the thesis, dissertation, or project clearance to ensure they have passed. However if passed pending revisions, the committee chair will be contacted to ensure all final revisions have been approved and asked to provide electronic PDF of the manuscript.

**Committee Chair Responsibility:** Ensure candidates present a thesis, dissertation, or project of acceptable scholarship and literary quality. Also, the final electronic copy of the student’s manuscript should be reviewed and approved by signing the electronic thesis or dissertation (ETD) approval page.
**Electronic Thesis, Capstone, Projects, or Dissertation Approval:** This form should be in your dissertation manual or handbook and will be provided by The Lewis College, Office of Academic Assistance. The form must be signed by the committee chair to confirm all changes have been made and approved. Students should provide a signed form during the thesis, capstone, project, or dissertation clearance.

**Banner Manual Updates:** Academic Advisor will update Banner, not just comments, to capture required information for reporting purposes regarding the thesis, dissertation, or project for each department. It is the department and committee chair’s responsibility to ensure information is correct before entering.

**Appointment for Thesis or Dissertation Clearance:** Students are required to make an appointment after he/she has received all committee and chair signatures, signed ETD approval form and uploaded thesis or dissertation in PDF format to Georgia State University Scholar Works. The deadline is the last day of classes in which the student is to graduate. An appointment is made through the Office of Academic Assistance. Committee chair and thesis/doctoral/DNP coordinator will be contacted when student selects an appointment after the last day of classes to avoid issues with graduation.

*ETD Upload:* Does not require Acceptance Page with signatures in blue ink to be uploaded as of February 2012.

**Letter of Completion – International Student:**
A letter of completion can be issued by the Georgia State University Graduation Office when a student completes all requirements toward their degree, but did not apply to graduate on time. To receive a Letter of Completion, please submit your request in writing to the Office of the Registrar, with your name, student ID number, academic college, and the name and address of the person or entity to whom it should be mailed.

ETD Release Options:

- Full Public Access
- Campus Embargo – limited embargo of ETDs which restricts access to the public, however, the ETS will be available to individuals that have campus access. Outside of campus, individuals will be able to see the author, title, and abstract of the dissertation or thesis.
- Full Embargo – full embargo of ETD and no one will have access to works in this category. Author, title and abstract will not appear in any search results.

Please state the option and reason for your request. This allows for a one-year embargo on posting of dissertation/thesis to ScholarWorks:

NOTE: Abstracts are available for download regardless of embargo status.
